Carousel

A carousel for four persons. The carousel houses a round plane at a height of 140mm, a supporting beam and four metal bars which children can grip for support. Whirling around in the carousel offers children a fun way of developing their sense of balance.

Grasshopper

The seat height of the spring bouncer is 570mm. The small-size spring bouncer with a gentle motion is suitable for children of kindergarten age. Spring bouncers are playground classics, providing entertainment for children year after year. Their motion trains children's rhythmic awareness and tests their sense of balance.
